

Dear George,

I wanted to write for some time, to thank you and your staff for helping us transfer our N.C. property to our girls when we did. Everything has worked out so well. It has been a joy to us to see our children able to enjoy this investment, and to use it for their families now rather than later.

They were able to sell off most of the property at a very good price, yet able to keep three lakefront lots for their use. [First daughter] got the original house, and improved it. They even added a handicap bath for when we visit. [Second daughter] and her husband built a very spacious home on the adjoining lot with a great view of the lake. With these two homes and their eleven bedrooms, we can gather our family and more for special occasions. [Third daughter] has her lot further up the lake.

It is such a joy to us to be able to see the children and grandchildren able to enjoy all of this while we are still living and can enjoy it with them.

If you have other clients in similar conditions, we would recommend that you share our good experience with them.

Again, many thanks for your help and guidance.
